Boys and Girls In Grades K-12

For 4-H

What is 4-H?

4-H is a very special club for boys and girls in grades K-12. 4-H can help you learn how to make and do many things: and best of all, you can choose things that you would like to do! 4-H will help you feel good about yourself.

What will I do in 4-H?

4-H members form clubs of about five members or more with an adult as their leader. Club members elect their own officers and make decisions with the help of their leader. Clubs may have dues if that is what members decide. Some clubs have money making projects.

4-H members have regular meetings (about six or more a year). The meetings are usually in churches, schools or other public places, but may be in member's homes. Each meeting has a planned program with the activities, demonstrations, field trips and refreshments.

4-H members choose projects from a list. They can choose any project they think they would like to do. 4-H project books tell members what they need to do for each project. The cost of the books is paid through the \$8.00 county dues.

4-H members work on their projects during the year at home and at the club meetings. They exhibit their finished projects at the Jackson County Fair in the summer. The projects are judged and members get ribbons to show how well they did.

How do I join 4-H?

4-H is easy to join. You can email or call Pam Hess at the Extension Office at phess@purdue or 358-6101. the Extension Office will about clubs in your area. It costs \$8.00 to join 4-H and your club may have additional dues. These costs are paid to your 4-H Leader at your first meeting.
