Free Fishing Weekend

June 4-5, 2011

It's reel fun with a catch!

Youth, age 17 and younger, do not need a fishing license to fish in Indiana waters. Additionally, during Free Fishing Weekend (June 4-5, 2011), all Indiana residents do not need a fishing license or a trout/salmon stamp to fish Indiana waters. Find out [how a Fishing License helps make fishing better](#).

Load up the car with friends, family and fishing poles and enjoy a FREE weekend of fishing. Check out a new lake or river, or introduce friends and family to a favorite fishing spot.

Fishing can be enjoyed alone on a bank or shared among a boat load of people on the lake. It can be quiet and relaxing or fun and exciting. Fishing can also provide tasty meals, but don't forget: fishing is not always "catching" fish, but it's "trying to catch" fish. Click here for [tips for fishing with kids](#).

Don't know where to fish? Check out the amazing [Where to Fish](#) interactive map. View property information for other [DNR properties](#).

To help kids and adults celebrate Free Fishing Weekend, recreation areas located across Indiana are planning fun fishing derbies, knot tying demonstrations, casting clinics and fish cleaning and cooking classes. Some properties require pre-registration. Call your favorite property for details.

Individuals who need reasonable modifications for effective participation in Free Fishing Weekend events at DNR properties should contact the property at least 72 hours before the event. Or call the DNR ADA Coordinator at 317-232-4145.

How does a Fishing License help make fishing better?

Who owns the fish in Indiana's public lakes and streams? We all do. Fish are held in what is referred to as the "public trust."

But who takes care of the fish? Well, we all do, of course; however, by legislative mandate, the DNR's Division of Fish and Wildlife (DFW) has the power and responsibility to manage the fisheries resources of the State. Public access and fish management in Indiana is possible through license sales and the [Sport Fish Restoration Program](#), which is administered by the US Fish and Wildlife Service. Indiana receives federal reimbursement through this program for each licensed angler and this money is used for fisheries management and public access. Indiana's fisheries biologists survey fish populations in our public waters, so they can determine the health of the fisheries. Biologists will then make recommendations for fish stocking or harvest regulations, which makes better fishing for you.

If you enjoyed the activities during Free Fishing Weekend, please consider purchasing a fishing license to help support our programs and to enable you to enjoy fishing throughout the year with your friends and family.

PARENT/GUARDIAN MEDICAL AUTHORIZATION AND RELEASE STATEMENT (agreement, indemnification, and assumption of risk)

The health history is correct so far as I know, and I hereby give permission for my child to participate in all program activities including field trips and transportation to learning sites, except as noted by me and/or an examining physician.

I hereby give permission to medical personnel selected by school or IDELC staff to order X-rays, routine tests, necessary treatment and transportation for my child. In the event I cannot be reached in an emergency; I hereby give permission to the physician selected by school or IDELC staff to secure and administer treatment; including hospitalization, injection, anesthesia, surgery, and transfusion for my child as named above. I agree to pay all costs associated with that treatment and transportation. It is expressly understood and agreed that IDELC shall not be responsible or legally liable for any losses of personnel property or for any bodily injuries, or the results thereof, incurred and suffered by the applicant or in connection with any activities or programs, unless such loss or injury results directly from the negligent or willful act of an employee of IDELC acting within the scope of his/her employment.

IDELC educational and/or adventure and recreation activities on or off IDELC premises (which may be scheduled or unscheduled, supervised or unsupervised or occur during free time), may include, but are not limited to: hiking & backpacking; camping; swimming; cross-country skiing; snowshoeing; service and research projects; and wildlife and nature observation. I acknowledge that the inherent and other risks, hazards and dangers of these activities can cause injury, damage, or other loss to participant or others.

(Please check one)

I hereby grant Indiana Dunes Environmental Learning Center the right to photograph my child and use the photo and/or other digital reproduction of him/her or other reproduction of his/her physical likeness for publication processes, whether electronic, print, digital or electronic publishing via the Internet.

Please do not photograph my child.
