

5 REASONS TO GET YOUR

HSED/GED NOW

Education is the foundation for a brighter future. It provides empowerment to individuals, builds nations, and promotes social harmony. Investing in education leads to progress, prosperity, and peace.

JOB MARKET

The job market has changed. Most employers will not hire those who don't have either a high school education diploma or a general education diploma.

A high school education diploma can make a difference in future earnings.

A study revealed a difference of more than \$6,800 per year in average earnings between graduates and non-graduates.

LEARN MORE TO MAKE MORE

**THE MORE YOU LEARN,
THE MORE YOU CAN MAKE.**

These skills will allow you to be successful in other studies, increase yourself confidence, and reach your career goals.

HELPS YOU GO TO COLLEGE

Helps you go to college, join a trade, or join the armed forces.

Although military career opportunities are limited when you have only a GED, the GED allows you to take college or trade courses that expand your choices.

SET AN EXAMPLE

You set an example for others to follow. Family members who are still in school see the importance of education. Your determination to improve your life influences others who are struggling.
